

**OFFICE 365 (via DELOS)**

Office 365 is a collection of tools and services from Microsoft, designed for productivity and efficient collaboration. It offers you the possibility to do more from anywhere and connect with your colleagues in real time even when you are in different places. Moreover, it offers 1 Terabyte of storage in OneDrive. Access is provided via the authentication and authorization infrastructure (AAI) of GRNET's Delos Federation.

Instructions are provided in the webpage: <https://ict.uoc.gr/index.php/el/ypostiriksi/egxeiridia>
